- **Accounting Software:** Tally Prime, Zoho Books; Xero, QuickBooks (Extending Knowledge)
- **Professional Skills:** Client Coordination, Analytical Thinking, Attention to Detail, Documentation, Deadline Management, Independent Working, Team Collaboration, Confidentiality.

EXPERIENCE

Freelance Audit & Reconciliation Assistant | Self-Employed Dec 2025 – July 2026

- Performed physical asset verification and reconciliation against Fixed Asset Registers (FAR) across 4 client engagements spanning retail, banking, manufacturing, and financial services sectors.
- Executed multi-branch asset tagging and verification across 3 locations for a banking-sector client, coordinating fieldwork to meet compliance deadlines.
- Identified, investigated, and documented financial discrepancies, asset movements, and verification exceptions, maintaining evidence-backed audit working papers.
- Prepared audit working papers, verification reports, supporting documentation, and formal findings in line with client-specific requirements.
- Coordinated directly with audit teams to ensure timely completion of audit documentation and compliance deliverables.
- Conducted a Mystery Audit for a banking-sector client, evaluating operational and procedural compliance and documenting observations in a structured report.
- Maintained accuracy and completeness of supporting evidence throughout audit and reconciliation assignments.

Document Typist & Administrative Support | Educraft Solutions Mar 2025 – Present (Remote, Only on Demand Basis)

- Prepared, formatted, proofread, and maintained 20+ professional and academic documents with high accuracy under recurring deadlines.
- Maintained organized digital records, version control, confidentiality, and timely completion across multiple assignments.

RELEVANT ACCOUNTING, TAX & AUDIT PROJECTS (Work in Progress)

- **Internal Audit & Risk-Based Controls Review:** Performed audit planning, sampling, vouching and verification, prepared audit working papers, identified control exceptions, and documented risk-rated findings with recommendations.

- **AP/AR Management & Financial Analysis Dashboard:** Built Excel-based Accounts Payable and Receivable trackers covering invoice ageing, vendor/customer reconciliation, payment follow-up, month-end adjustments, budget-vs-actual analysis, and dashboard reporting.
- **End-to-End Bookkeeping & Financial Statements:** Completed the accounting cycle from journal entries and ledger posting to Trial Balance, Bank Reconciliation, vendor/customer reconciliation, fixed assets, and financial statements using Tally Prime and Excel.
- **GST Compliance & Return Filing Simulation:** Prepared sales and purchase registers, simulated GSTR-1 and GSTR-3B, reconciled GSTR-2B with purchase records, computed eligible ITC, and applied Section 17(5) provisions.
- **Income Tax Computation & Return Filing:** Computed taxable income and tax liability across Salary, House Property, PGBP, and Capital Gains, including deductions, old vs. new regime comparison, TDS/TCS reconciliation, and ITR form mapping.
